Dear Moodle,

It's you not me... it's just not working out between us. You just don't seem to understand my needs and requirements any longer...

ANONYMOUS JUN 29, 2018 11:10AM

Hey Moodle,

I love you but I think you could do with a dress-sense

I also understand that you don't have the support you need to reach your *true* potential

Do you want to consider polyamory? I think I would benefit from dating Canvas and EdX too!

Mwah.

Dear Moodle,

Maybe if you had been a bit more flexible...

Dear Moodle,

You seemed to offer so much, but it's very hard to know what you want!

ANONYMOUS JUN 29, 2018 10:08AM

Moodle, we're breaking up...

You take me all around the houses and never just take the simple route.

It's really difficult to find my way around you.

ANONYMOUS JUN 29, 2018 10:08AM

Dear Moodle,

It was fun while it lasted, we just don't seem to want the same things anymore. Time for us to go our separate ways.

LY509 JUL 01, 2018 01:15PM

Dear Moodle,

You are too complicated, it's hard to see all of you, let alone understand you, appreciate you... I am sorry but that's the best for both of us.

Dear Moodle, Let's go on a romantic away day to re-assess our relationship, I still love you but we need review our past experience... — ANONYMOUS

Dear Moodle

Yo'u promised me so much, and I still think you have so much to offer, but I can never find in you what I am looking for. Maybe it's because you label everything "section one. section two". I just find you so hard to read.

ANONYMOUS JUN 29, 2018 10:08AM

Dear Moodle

You are unlogic and that's end.

ANONYMOUS JUN 29, 2018 10:08AM

Dear Moodle,

I've tried really hard to get to know you, but it turns out that you're just too complicated. I feel like our relationship has been very one-sided - I always end up doing all the running and get not much in return. At first I thought there was some je ne sais quoi about you, but I've come to the conclusion that actually you're not very attractive. You have tried your best: but sadly it's not enough.

Best

Dear Moodle,

As a user with a visual impairment I find it very difficult to find the activity I want to embed into my course.... we're done :(
